Summer Session: June 15-19 & August 11-14, 2010

Fall Session: Sept. 29-Oct. 2 & Nov. 17-20, 2010

Designed by electrical contractors for electrical contractors, the 80-hour electrical project management course is presented in two non-consecutive 40-hour session weeks. The Summer Session will take place on June 15-19 and August 11-14, 2010 at Indiana State University in Terre Haute, Indiana; and the Fall Session will

take place September 29-October 2, and November 17-20, 2010 at Purdue University in West Lafayette, Indiana.

The course's 35 modules are taught by leading Purdue faculty members with many years of experience in the theory and practice of electrical project management.

WHAT ARE INSTITUTE GRADUATES SAYING?

"Within 90 days, this program had paid for itself. It has really had a positive impact on our business."

Mike Eckstine, Eckstine Electric Company

"We have documented more than \$300,000 in additional profit from what we learned in this course."

2005 EPMI Attendee

"This course has changed the way we do business."

Mike Kallmeyer, Denier Electric Company

WHO SHOULD ATTEND?

Owners, project managers, department managers, estimators, job superintendents, and foremen of electrical and systems contracting companies

YOU WILL LEARN HOW TO:

- increase your company's productivity and profitability
- apply specific, practical techniques to guarantee success
- combat hidden costs and better manage your projects
- use cutting-edge management tools to impact your company's bottom line.

Independent Electrical Contractors
