

## June 24 – IEC ED Covid-19 Sharing Session

Below are resources and quick notes discussed on the zoom meeting.

### Resources

- Hand held Sterilizer - ~\$100- <https://59s.us/products/59s-uvc-led-sterilizer-wand> v
- Face Recognition Body Temperature Measurement System Infrared Body Temperature Detection Scanner Access Control Punch Card Machine, All-in-One Machine, Support face Comparison Library (Stand Included) – \$1,200  
[https://smile.amazon.com/gp/product/B087NQXND2/ref=ppx\\_yo\\_dt\\_b\\_asin\\_title\\_o08\\_s00?ie=UTF8&psc=1](https://smile.amazon.com/gp/product/B087NQXND2/ref=ppx_yo_dt_b_asin_title_o08_s00?ie=UTF8&psc=1)
- Portable Acrylic Clear Panel - <https://www.globalindustrial.com/p/office/partitions/room-dividers/acrylic-clear-panel-room-divider-62hx10l-writable-surface>

### Notes

#### Safety

- an FDA warning about hand sanitizer made with methanol or wood alcohol. Passing along in case anybody sees these brands show up for sale: <https://www.cbsnews.com/amp/news/fda-toxic-hand-sanitizers-warning/>

#### Government Affairs

- Chapters are being asked to select a contractor member or industry partner to be an IEC Advocate
- This will be someone in addition to the ED to share government news and information

#### How to Sanitize Everything (and lab equipment)?

- MaxQuat is a food grade cleaner and disinfectant that can be used to spray down classroom. It does not have to be wiped down and air dries in a few minutes.
- You can use a fogger to blow the solution. RYOBI has this one for around \$100.  
<https://www.homedepot.com/p/RYOBI-ONE-18-Volt-Lithium-Ion-Cordless-Fogger-Mister-with-2-0-Ah-Battery-and-Charger-Included-P2850/307244559>
- UV lights can be another way to sanitize individuals or classrooms
- You may be able to clean lab equipment with this device for about \$140:  
<https://59s.us/products/59s-uvc-led-sterilizer-wand>
- Perfect Vitamin Product offers liquid hand sanitizer and other products.  
<https://www.perfectvitaminproducts.com/>
- Some chapters are requiring face masks and others are strongly encouraging them.
- Instructors will not be required to wear face mask but will have 6 feet if not 8 away from them and the apprentices.
- This may be a possible safe way to shield the instructors while they're teaching and can be moved from classroom to classroom: <https://www.globalindustrial.com/p/office/partitions/room-dividers/acrylic-clear-panel-room-divider-62hx10l-writable-surface>

### **Sign-in Sheets**

- Looking for an electronic way to take attendance and move away from paper.
- Some chapters take attendance twice, once at the beginning and then after the break, to ensure no one has left early.
- Chapters are having anyone entering the facility to sign a covid-19 waiver.

### **Membership**

- A few chapters have added new members. Some have lost a few. Others have stayed the same.
- Contractor members are hiring and looking for new workers.
- One chapter has had a phenomenal first week of registration for next year.
- Due to social distancing, capacity is less and will use this as a marketing tactic, "capacity is limited."
