

DISCOVER THE POWER OF IEC MEMBERSHIP

ENERGIZE YOUR BUSINESS WITH IEC

IEC is a merit shop electrical and systems contractor's trade association. Our core focus is to increase the professionalism of our industry. Through increased educational standards and training, we are dedicated to fostering a positive business climate for all IEC Contractor Members. We offer professional development opportunities, code and safety representation, emerging trends, and multiple conferences throughout the year. If you would like to *ENERGIZE YOUR BUSINESS* and help the industry grow, we encourage you to join our efforts to strengthen the electrical construction industry.

There are 51 independent chapters within the Independent Electrical Contractors Association. Each chapter works with local electrical and low voltage contractors to assist in the development of their businesses by networking with contractors just like you. We also provide a four-year apprenticeship program approved by the U.S. Department of Labor with nearly 14,000 apprentices throughout the nation. Our IEC National office offers opportunities for networking across the nation with forum groups and national meetings designed to help your business grow.

#WEAREIEC

"I found being involved in my local chapter and at the National level has made me the business person I am today. As a volunteer, you think you are serving to support IEC improve the electrical industry but, serving is the best education you can get as a business person. Volunteering and attending IEC events, you are around likeminded business owners, managers and contractors who share experiences, making it easy to learn what is best for your company and grow as a business person. IEC's apprenticeship program developed me into a professional electrician, but being involved with IEC has developed me as a business professional."

TROY CORRIGAN, CORRIGAN ELECTRIC
