IEC CELEBRATES
64 YEARS!

IEC Convention & Expo 2021 brings together the top electrical and low voltage contractor business leaders from across the globe to learn new approaches to increasing profitability, improve productivity, and the most efficient cost cutting methods.

Why Should My Company Exhibit at IEC Convention & Expo 2021?

REACH THE DECISION MAKERS. IEC contractor members want to keep up-to-date on today's inventive ideas, making this an ideal audience for your products and services! This is your chance to gain name recognition with a large group of key decision makers with buying power searching for the latest innovative solutions.

BE PART OF THE ACTION. With many activities taking place in the Exhibit Hall, you will have ample opportunity to connect with new customers, current customers, and demonstrate new products and services to electrical professionals who are actively searching for you.

Over 2,000 Attendees Expected!
